Home Defense Pistol

(This is NOT an advanced class this is intended for everyone.)

Did you buy a handgun to help you defend your home?

Not quite sure how to use it effectively?

You need to take this course.

This self-defense pistol course will teach you the basic elements of how to defend yourself, family, and home using a handgun. This class is based on the NRA Personal Protection in the Home course. You will learn how to pick a safe room, what items you might need in that safe room as well as how to defend that safe room. Other skills learned are center of mass shooting, reloading, and using cover and concealment.

You will need a handgun, 2 magazines or speed loaders and 50 rounds.
