

BASIC PISTOL COURSE

This Class is Available to Everyone

Course Overview

This six to eight hour course of instruction covers basic knowledge, skills, and attitudes necessary for owning and using a pistol safely. This course is considered an excellent starting point for the beginner who strives to learn the proper techniques necessary to handle and employ a pistol.

Through this course students will learn:

- Parts and Operation
- Ammunition Knowledge
- Safe Gun Handling
- Shooting Fundamentals
- Pistol Shooting Positions
- Considerations for selecting a personal handgun
- Cleaning and Storage

Student Required Items

Students will need a firearm with 50 rounds. (Students are encouraged to use a low caliber firearm until proper fundamentals are mastered) Single action revolvers are discouraged. Gun rentals are available for an additional fee. Students should bring additional magazines or speed loaders if available.

Cost

The fee for this course is \$75.00. Price includes course materials and range time.
